<div dir="ltr">here is your zip file <div>open it quickly to win your prize</div></div>

Analysis

```
{
  "risk_level": "Medium",
  "risk_score": 60,
  "suspicious_indicators": [
    "Attachment with a potentially risky file type (.zip)",
    "Urgent language ('open it quickly')",
    "Promise of a prize",
    "Reply-To and Return-Path information not available"
  ],
  "reasons": [
    "The email contains an unsolicited attachment.",
    "The email uses language designed to create a sense of urgency.",
    "The promise of a prize is a common phishing tactic.",
    "Lack of Reply-To and Return-Path information is unusual."
  ],
  "recommended_action": "Exercise extreme caution. Do not open the attachment. Verify the sender's identity through a separate, trusted channel before responding. Consider deleting the email."
}
```
